

Race #2 of West Coast Kart Championship.

Greg Henderson dominated entire weekend to the frustration of Arrow boys and had the field covered. For the final we did get a little too cocky and did not adjust setup and tire pressure to suit warm wetter and laid rubber on the track and paid for it by about 0.2s a lap. Greg run a little wide into turn 1 at the start of the final so I just went for the spot and in 2nd half of the race lost position back going to turn 3. From then on both MS Karts run like a twins however could not catch leading Arrow. At the checkered flag: P2 Greg Henderson, P3 Juraj Novota
