**RACING TECHNOLOGY**

The company MS Kart s.r.o. - Manufacturer of Kart chassis - has been owned and run since its inception in 1992, by successful kart racer Milan Šimák. Milan has been active in kart racing since 1968.

The company is based in a newly constructed complex in Prachatice, Czech Republic. Right next door is based MS Kart Racing Team s.r.o.. MS Kart Racing Team is a sister company whose main role is to compete and promote MS Kart products in national and international races in all categories. And the most importantly to constantly test all technical aspects of MS Kart chassis.

In 2011 we take part in these championships:

**CIK-FIA European Superkart Championship**

**International Superkart Series**
